SHORT COURSE IN RESEARCH METHODOLOGY 2017

SEMINAR ROOM 1, IJN COLLEGE

Introduction

The Clinical Research Department, under the Directorate of Clinical Research, continues to facilitate, promote and support research-related activities. Research Strategic Plans have been identified focusing on

- ♥ Enhancing research facilities and IT infrastructure as enabler for research and publications,
- ♥ Fostering and developing research culture and workforce
- ♥ Creating more network and collaboration programs with academics and other research centers
- ♥ Enhancing human research protection programs and meeting the JCI Accreditation requirements

Objectives

At the end of this course participants should be able to:

- ♥ Identify various sources of information for literature review such as search within a defined range of information source types (journals and books), to discover what has been already written about a specific subject or topic;
- ♥ Understand concepts of research, various research designs and methodologies, statistical technique and analysis;
- ♥ Prepare a complete and effective research proposal;
- ♥ Organize and conduct a research program in ethical aspect;
- ♥ Understand the process of writing and publishing scientific manuscripts

Beneficial

Clinicians, Nurses and Allied Health Professionals

Awards
