# CARDIAC CRITICAL CARE NURSING SYMPOSIUM

IJN COLLEGE

INSTITUT JANTUNG NEGARA  
National Heart Institute

**IJN Auditorium | 11<sup>th</sup> MARCH 2017**

## Introduction

The care of critically ill clients is complex and challenging. This symposium is designed to address timely clinical issues encountered by nurses caring in changing path towards client centered. Nurses and other healthcare providers who are involved in the provision of care to critically ill clients, will obtain up-to-date and best practice information in relation to daily management. This symposium offers an ideal mix of the traditional standard-of-care principles with new, cutting edge information. It explores issues in several areas including arrhythmia management, infection control, delirium care, ethical issues, cardiac rehabilitation and family counselling.

## Objectives

At the end of symposium, the participants should be able to :-

- ♥ Apply newly acquired knowledge in the management of critical care clients.
- ♥ Address the importance of clients right in moving towards higher level of managing critical care areas.
- ♥ Acquire in-depth understanding of recent advancement in critical care area.
